INDOOR PLAY AREAS - TURNKEY SOLUTIONS

CONCEPT ONE

*EVA Mats, Children's Indoor Play Equipment
and Abstract / Geometrical Wall Designs*

EVA MATS:

All - purpose dismantling & interlockable EVA Mats are one of the best-suited flooring material for Indoor Play Areas which require soft and cushioned surface. The textured pattern and soft surface ensures safety and also helps in preventing injuries. It comes in various sizes, textures, colors, and thickness according to the need of the consumer. They are light weight, durable, shock absorbent and easy to install. The thicknesses available are 10 mm, 15 mm, 20 mm, 25 mm, 30 mm and 35 mm.

INDOOR PLAY EQUIPMENT:

The play equipment is customizable and mostly self fabricated. We specialize in Child Friendly Play Equipment that is safe and injury - free.

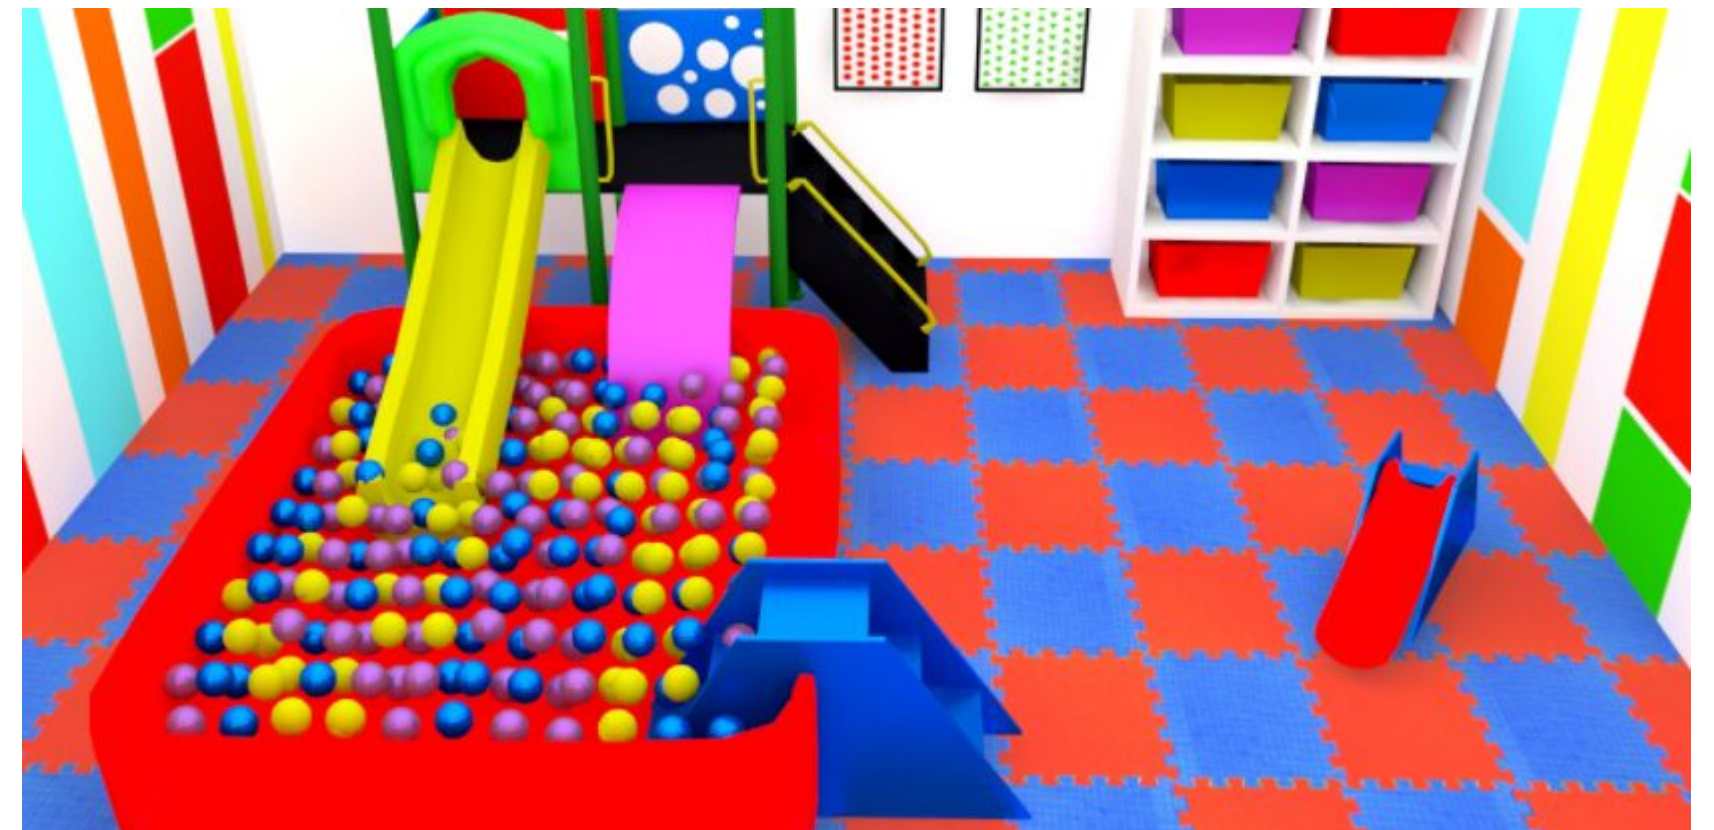

The various kinds of Play Equipment are something as follows:

1. LLDPE Slides
2. LLDPE See Saws
3. LLDPE Play Stations
4. LLDPE Monkey Climbers
5. LLDPE Rock Climbers
6. LLDPE Merry Go Rounds
7. Wooden Play Stations
8. Wooden Monkey Climbers
9. Wooden Rock Climbers and many more such equipment.

WALL DESIGN:

Educational concepts like Alphabets, Geometrical Designs and Numbers can be incorporated.

CONCEPT TWO

EPDM Flooring, Children's Indoor Play Equipment and Concept based Wall Designs

EPDM RUBBER FLOORING:

Owing to the sound experience of the market, we have been able to bring forth joint-less Children Play Areas and decorative surfaces for the clients. It is developed by our experts using the EPDM Rubber Granules and is available in various thicknesses preventing the falling person from accidents & injuries. It is available in various child friendly colors, designs and patterns. This surface has low maintenance costs and its water permeability feature avoids puddling.
